

DEMOCRATS OPEN CONVENTION TODAY

Secretary Baker Arrives With "President's Own" Draft of Platform

AGREE ON PROGRAM

Wilson's Desire for Re-nomina- tion of Marshall Firmly Es- tablishes Harmony

PLAN AGGRESSIVE CAMPAIGN

ST. LOUIS, Mo., June 13.—Arrival here tonight of Secretary Newton D. Baker, President Wilson's personal representative bearing "the president's own" draft of the platform and news that he desires re-nomination of Vice President Marshall; firmly established the harmony program for the Democratic national convention, opening tomorrow.

Apparently Agree on Program.

When Chairman William F. McCombs of the Democratic National Committee let his gavel sound at noon tomorrow leaders expect all pre-convention discord to be blended in one harmonious note. A program of agreement upon both the presidential and vice presidential nominations and the platform as well, was apparently agreed upon by the leaders.

"Vice presidential booms and booms," around which most of the pre-convention fights have centered will be away tonight under influence of the personal message from the White House. Secretary Baker also effectively disposed of the vice presidential boom in his own behalf, which had attained prominence in the belief in some quarters that Mr. Marshall lacked genuine administration support.

"So far as I know," Mr. Baker announced, "the president has not considered any other nominee. As to the movement started in my behalf, I am for Marshall. I am here as a delegate from Ohio, I ran in a popular primary pledged to support Mr. Marshall and obviously could not allow myself to be considered."

Expect Little Change in Program.

The "president's own" draft of the platform—a single copy—will be delivered by Mr. Baker to Senator Stone of Missouri, chairman of the resolutions committee. Little change in it is anticipated and Mr. Baker said he came here as the means of communication between the committee, the convention and the president. Mr. Wilson wrote his draft after frequent consultation with leaders at Washington and is said to have typewritten it himself and sent the only copy to St. Louis by Secretary Baker.

Altho Mr. Baker declined tonight to disclose the president's platform views, these outstanding facts were learned following his arrival:

The platform will dwell principally "on peace, preparedness for peace and prosperity."

Despite agitation by some Democratic leaders, President Wilson disapproves insertion of a plank criticizing nomination of a supreme court justice for president, or favoring a constitutional amendment prohibiting justices from seeking other public federal offices. The president desires adoption of a platform so progressive that it will appeal to and attract members of the progressive party, but without an open, direct invitation to the progressives to swing their strength to the Democratic ticket.

To Recognize Suffrage Workers.

Woman suffrage workers will be recognized, but the platform probably will suggest that they exhaust their efforts for the ballot in the respective states, the primary authority for political qualifications.

The principal planks, it was authoritatively stated, will deal with the administration's trials and achievements in handling international and Mexican affairs, its rapid and deliberate steps toward "preparedness for peace," and the administration's record of economic and industrial legislation contributing to general prosperity.

With the president's platform draft, Secretary Baker also brought information regarding the aggressive campaign planned in behalf of Mr. Wilson. Spell binding will be its principal feature, the country to be covered by prominent Democratic orators. Vice President Marshall, Secretary Baker, Secretary Lane and Senator James of Kentucky, scheduled to be permanent convention chairman, and Representative Claude Kitchin of North Carolina, Democratic leader of the House, will be the orators most relied upon. Other prominent campaigners, it is expected will be Senators Lewis, Hollis, Read and Owens, with an array of others from both senate and house.

The president has not decided on

LAMBERT GIRL'S CHUM FINISHES TESTIMONY

JOSEPHINE DAVIS DOES NOT WAVER FROM REVISED STATEMENT

Testifies Marion Lambert Was Frequently Depressed and Melancholy Except When in Public and Actually Threatened to Commit Suicide.

Waukegan, Ill., June 13.—Josephine Davis completed her testimony today without wavering from her revised statements to the effect that Marion Lambert, for whose alleged murder Will H. Orpet is being tried, was frequently depressed and melancholy except when in public and that she actually threatened to commit suicide.

According to Miss Davis, chum of Miss Lambert, the latter was perturbed about her condition for some time, and while on Jan. 20 this was somewhat allayed, a new worry arose in the knowledge that young Orpet had transferred his affections to Miss Celestia Yonkers.

David R. Joslyn, for the prosecution, on direct and redirect examination sought vainly to shake the girl's story by pointing out discrepancies in her present testimony as compared with that before the grand jury and to himself and State's Attorney Dady shortly after Miss Lambert's death by poisoning.

The state's case was built largely around Miss Davis' statements that her chum was happy at all times and at no time displayed signs of despondency. She explained that her first stories were told in the midst of excitement, while she was mourning her friend and her resentment against Orpet led her to assume his guilt.

Conversations with her mother lay at the bottom of her change of heart. I was too grave a thing to trifle in the smallest way with the life and liberty of a human being, and eventually she told her story, she said, to a representative of the defense.

"During the period of her worrying I repeatedly advised her to tell everything to her mother," said Miss Davis. "It was at her birthday party that she referred to her own troubles as in contrast with the happiness of her guests, and threatened to take her own life. She was not certain, despite the resumption or normal functioning, on Jan. 20, that she was not in a delicate condition and had also come to the conclusion that Orpet had lost his love for her."

"If he has I'll kill myself," she said.

Cross examination brought out that Miss Davis had not been asked questions along this line specifically, so far as she could recollect. It also developed reasons why Miss Davis had declined for some weeks before the trial to talk with State's Attorney Dady.

"I don't want to talk with him any more because he insisted in pursuing certain points that I had denied. He kept trying to make me say that Marion told me she was going to see Orpet; that I went to the postoffice for a package for her; that Orpet had made a certain remark against me, and he tried to get my minister to quiz me. It made me resentful and I did not want to see him any more."

This completed her testimony.

AUGUSTANA SYNOD CLOSES 57TH. ANNUAL CONVENTION

GALESBURG, Ill., June 13.—As the 57th annual convention of the Augustana Synod neared its close today, several of the Canadian delegates spoke on the conditions, which they termed "distressing," growing out of the European war. They said that following the enlistment of colonial troops for service abroad there began a strong current of migration to the United States, entailing close of many of the public schools, and a depression in industry and business. The delegates who spoke asserted that these conditions led to decrease in church membership, which in Vancouver, B. C., was placed at 60 per cent.

The synod voted to pay interest for three years on \$11,000 debt of the Vancouver church, which was unable to meet its obligation.

A proposition to reinstate inter-collegiate football at institutions within the jurisdiction of the Augustana Synod was voted down by 53 to 34.

The synod adjourned late today.

FREEPORT TO HOLD FLAG DAY AND PREPAREDNESS PARADE TODAY

FREEPORT, Ill., June 13.—Fifteen thousand persons, it is expected, will march tomorrow in Freeport's flag day and preparedness parade which is held under the auspices of a score of fraternal organizations. There will be a dozen bands and delegations from every lodge, civic, religious, military and semi-military organization in the city in the procession as well as about 5,000 school children.

At a signal the marchers will stop and sing "America" and "The Star Spangled Banner." The parade will end at Taylor Park, where a program of patriotic exercises and an address by William E. Mason of Chicago, former United States senator, will complete the celebration.

TENTATIVE PLANK APPROVES SUFFRAGE

Democrats Submit Draft to Suffragist Leaders in St. Louis

WOMEN APPROVE FORM

Plank Declares Unequivocally for Passage of Congress of a Suffrage Amendment

HOLD DEMONSTRATION TODAY

ST. LOUIS, Mo., June 13.—Suffragist leaders tonight received for approval a tentative draft of a suffrage plank for the Democratic platform, drawn by Secretary Daniels, and other leading Democrats.

The plank declares unequivocally for the passage of Congress of a suffrage amendment to the constitution.

Women Approve Form.

Leaders of the Woman's Party immediately approved the form of the plank. Their contention, however, has been that Congress should pass the Susan B. Anthony amendment without further delay and their leaders are expected to press for such action. The plank, it is believed, will be satisfactory to the National American Woman Suffrage association, which has been contending only for an endorsement of the suffrage in the platform.

The proposed plank follows:

"The constitution provides that when any considerable number of people desire to have an issue referred to the people the congress may submit the constitutional amendment to the legislatures of the separate states for ratification."

"Now that there are more than four million women voters in the country and the issue has been ratified by the legislative action of 12 separate states and as there is a recognized demand for equal suffrage among a large number of citizens, we favor the passage by Congress of a federal amendment to the constitution, granting the right of suffrage to women in order that the separate states may, by legislative act, decide whether or not they wish such amendment adopted."

Speaks as an Individual.

"I believe," Mr. Daniels said, "that women should have equal rights with men. In so far as I can help you as an individual, I will. I am not speaking for any one except myself, however, and I am not a delegate to the convention, so I cannot consistently take up the fight for you here. But I am in hearty accord with you and wish you the greatest success."

Miss Alice Paul and Miss Anna Martin insisted to the secretary that it would be much wiser for the Democrats to begin making overtures to the Woman's Party for support than to try to bring the Progressives into the fold.

"There were only four million Progressive voters scattered throughout the United States in 1912," Miss Paul explained. "The Woman's Party offers you four million votes in twelve states. As a simple political proposition, it should be obvious to you that Democracy could much more profitably appeal to the 4,000,000 women voters—in 12 states—than to an equal number of Progressives in 48 states."

Secretary Houston also talked with the Woman's Party workers during the day.

"What is the least you will take?" he inquired.

"Immediate passage of the Susan B. Anthony amendment by congress," was the answer. It ended the interview.

Forecasts of favorable action by the convention came today from influential Democrats from different states. It started with a widely known New York Democrat at breakfast and by dinner the tide of good news had swept in from all quarters.

The attitude of Democrats opposed to suffrage is pleasing to the suffragists. Senator Taggart, who has been recorded as opposing suffrage, today donated a box in the convention for the week to Woman's Party leaders.

To Hold Demonstration.

But the situation also has a dark side. On the eve of the big "golden lane" demonstration, which its promoters hope, will outstrip in beauty any outdoor suffrage demonstration ever given in this country, it looked decidedly like rain. Those arranging the demonstration found tonight that they did not have enough umbrellas to go around among all of the 8,000 women who will participate. Neither have they sufficient buttons or badges. Rain or shine, however, the display will be given. Shortly before 10 o'clock to-

COOK COUNTY REPUBLICANS MAY ELECT SCHMIDT CHAIRMAN

CHICAGO, June 13.—Indications are that the Cook County Republican Central Committee, which has been deadlocked since April 14 as the result of the three-cornered fight for control between the Thompson-Deneen and Brundage factions, will organize when the body meets next Thursday afternoon by electing George K. Schmidt, chairman.

Schmidt is a committeeman from the 25th ward and a supporter of the Brundage faction. The friends of Mayor William Hale Thompson and Edward J. Brundage are reported to have reached a compromise agreement at a secret conference held today and the plan is to make Schmidt chairman and Thompson vice chairman and secretary.

Since April 14 the committee has held five meetings in an unsuccessful effort to break the deadlock.

A NEW CHURCH TO BE ERECTED AT HEBRON

The trustees of Hebron Methodist Episcopal church at Sinclair have decided that they need a new church and to that end are planning a new structure. They have appointed a building committee, consisting of Messrs. J. C. Swain, Eugene Hart and James F. Mahon, all of Sinclair, to consult with carpenters, architects and builders regarding the matter and expect to begin work when practicable. They have decided not to exceed \$5,000 in the cost of the proposed structure.

JOINS TEMPLARS ON TRIP

Dr. A. R. Buckthorpe last night joined a party of Knights Templars on their journey to the Pacific coast. A special train on the Wabash passed thru the city about 11 o'clock last night. It was made up at Chicago and among the passengers were the state commandery officers and a number of knights from Decatur and Springfield.

The Misses Miriam Pendleton and Lucille Suddith who have been spending the week end with the Misses Pauline and Beulah McMurphy, have returned to their homes in Quincy and Oakland Illinois respectively. The young ladies attended the senior prom Monday evening.

H. H. DeGroot and son William made a visit to Jacksonville in the son's Ford car, bringing with them Mr. and Mrs. William Thompson, who have been guests at the DeGroot home. Mrs. Minnie Senteney is now visiting at the home of her parents, Mr. and Mrs. DeGroot.

George W. Covert, now one of the best known attorneys of Adams county, came from Quincy yesterday to attend the triennial banquet of Phi Alpha society. While in the city he is a guest at the home of Mr. and Mrs. S. W. Nichols.

MAY DELAY REPLY TO GEN. CARRANZA

Answer Probably Will Not Be Sent Until After Convention

ANIMOSITY INCREASING

Mexican Papers Brought to El Paso Refer to Note as "Slap in the Face for Uncle Sam"

CLAIM CAPTURE OF DE LA ROSA

WASHINGTON, June 13.—Unless the increasing seriousness of conditions in Mexico forces action, dispatch of the reply to General Carranza's demands for withdrawal of American troops will be delayed until after the St. Louis convention because the administration desires to avoid any drastic step at a time when it might appear to be prompted by political influences.

Secretary Lansing and his advisers are said to have given careful consideration to the possibility that the administration might be charged with playing politics in dealing with the problem. The rapid spread of anti-American propaganda in northern Mexico, however, coupled with increasing grave economic conditions may take the situation out of their hands.

No official would venture a prediction tonight as to what might be expected in the immediate future. In common with some consuls in Mexico, they believe almost any eventually is possible with agitators working on the feelings of a people already distressed by the fruits of prolonged disorder. It was stated positively that the Washington government was considering no aggressive action to be taken of its own motion, but stood ready to act should assaults on Americans or an attack on General Pershing's forces force the issue.

Show Increasing Animosity

El Paso, Texas, June 13.—Newspapers brought to El Paso today from several cities in the interior of Mexico showed an increasing animosity for Americans. Editorials in most of them referred to Carranza's recent note as a "Slap in the face for Uncle Sam," while stories of volunteer corps organizing for duty in case of "international trouble" were frequent. The principal article in a leading newspaper of Saltillo, a semi-official organ, pointed out that while the colossus of the north has an advantage in numbers and supplies, "the history of the Spanish peninsula campaign shows that poorly equipped troops were able to break down the great army of Napoleon and guerrilla tactics now should be able, in the event of intervention, to wear out the forces of the United States."

Today's reports to local mining companies from their representatives in Chihuahua City and Parral indicated that the antagonism against the United States continues and that minor demonstrations are frequent but that the military had them sufficiently under control to prevent violence.

Apprehension is felt for many Americans in interior districts, and there have been rumors current of several who have been killed, but these rumors lack confirmation.

That some Carranza officials are behind the sudden outbreak of anti-American feeling in the republic was the assertion today of a widely informed and reputable Mexican upon his arrival from the interior.

Claims Capture of De La Rosa

Mexico City, June 13.—The foreign office today notified James Linn Rodgers, representative of the United States government before the Carranza defacto government, that the ondit chieftain Luis De La Rosa had been captured. The news came to the foreign office in a telegram from the military commander in the state of Tamaulipas.

CHANGES IN ATLANTIC FLEET

Washington, June 13.—Rear Admiral Dewitt Coffman, commanding the sixth division of the Atlantic fleet, becomes vice admiral of the fleet, in command of the battleship division, under orders issued today. Rear Admiral H. O. Dunn will take command of division five and Rear Admiral A. F. Fechteler will head division six. The changes were necessitated by the elevation of Vice Admiral Mayo to command the fleet.

FAIRBANKS ADDRESSES OHIO WESLEYAN ALUMNI

Delaware, O., June 13.—Charles Warren Fairbanks, Republican nominee for vice president in an impromptu address at the alumni luncheon of Ohio Wesleyan University here today said that some day this nation's flag may be imperiled and that they country must look to its future. Mr. Fairbanks was graduated from the university in 1872.

3 DEAD, 9 MISSING IN ELEVATOR FIRE

LOSS OF LIFE IS ESTIMATED AT FROM FOUR TO TEN

More Than Forty Others Are Injured, Three of Whom Are in Critical Condition—Conservative Estimates Place Loss at More Than \$2,000,000.

Baltimore, Md., June 13.—Pennsylvania Railroad elevator number 3, on the Harbor front at Canton, a suburb, was burned today, with a loss of life conservatively estimated at from four to ten men and injuries to more than forty others. The victims were mostly elevator employees and cargo trimmers. Three of the injured were in a critical condition tonight.

Two steamships, the Willem Van Driel, Sr., a Dutch vessel, and the British steamer Welbeck Hall which were loading grain at the elevator also were badly damaged by fire and wreckage dropped upon them from the elevator.

The flames spread to an ore pier next to the elevator, badly damaging it. Several strings of grain cars in the elevator were burned.

While the fire is thought to have been caused by an explosion of grain dust, a theory was advanced that it may have been caused by a bomb. This theory will be investigated, it was said. The blast blew out the 90-foot tower, or upper elevator, and in an instant the whole building was ablaze. Conservative estimates placed the loss at more than \$2,000,000. Altogether about a million bushels of wheat, oats, barley, rye and buckwheat were destroyed.

Scores of men barely escaped with their lives. Thirty-four grain handlers and stevedores who were partially imprisoned in the hold of the Welbeck Hall fought their way to freedom over the piles of grain. Gaining the deck of the ship they found their way to shore cut off by the flames. Some of them jumped overboard and were picked up. Launches ran alongside and took off the others.

Three bodies had been recovered tonight.

Nine men were unaccounted for tonight. They are William Cowan, Schattner and Adam G. Schmidt, chamber of commerce inspectors and six laborers.

ILLINOIS U. TO CONFER DEGREES ON 1,064 STUDENTS TODAY

President James Will Deliver Annual Commencement Address.

Urbana, Ill., June 13.—The concluding ceremonies of the annual commencement exercises of the University of Illinois began tonight with the president's reception and military band concert.

Tomorrow, by special request of the University committee on arrangements, President Edmund J. James will deliver the annual commencement address. In previous years noted diplomats, educators or publicists have been invited to deliver this address.

The university will confer degrees on 1,064 students tomorrow. These are distributed as follows: Advanced degrees, 161; doctors of dentistry, 32; doctors of medicine, 109; bachelors of law, 20; doctors of law, 6; degrees in pharmacy, 41; bachelors degrees in liberal arts and sciences, 209; in commerce and business administration, 69; in engineering, 222; in agriculture, 180; and in music, 6. Of the graduates 856 are men and 208 are women, and 716 of them are citizens of Illinois.

The conferring of degrees will take place in the armory and it is expected that 5,000 people will witness the ceremonies.

Ninety of the counties of the state are represented among the graduates. Cook county is an easy first with 199 candidates, and Champaign county is second with 92. Other counties having ten or more representatives are: Adams, 16; Coles, 15; Kane, LaSalle and Sangamon, 14 each; and Peoria and St. Clair, 11 each. The insular possessions of the United States are represented by four graduates.

STATES AMERICAN PATRIOTISM HAS BEEN RAPIDLY DECLINING

NEW YORK, June 13.—American patriotism has been rapidly declining for the past 15 years, according to Rear Admiral B. A. Fisk, U. S. N., who was the guest of American defense societies here today. The officer, who retired today after serving 42 years in the navy, was presented with a scrap book containing correspondence and newspaper clippings relative to his controversy with Secretary Daniels in relation to a letter explaining his views on certain naval questions which he claimed to have delivered personally to the secretary, but which the latter could not recall having received from him, although later accepting the admiral's version of the incident.

HOUSE DEFERS VOTE

Washington, June 13.—The house concluded debate on the fortifications bill today, but deferred a vote, because of the absence of many members who went to the National conventions.

RUSS CONTINUE STRONG OFFENSIVE

CROSS DNIESTER RIVER

Austro-Germans Hold Back At- tempts of Russ to Advance in Direction of Lemberg

CANADIANS MAKE GAINS

In Volhynia and Galicia the Russians are continuing their strong offensive against the Austro-Hungarians and Germans and on various sectors in both regions they have made fresh advances and captured additional prisoners and war stores.

In Galicia the drive of the Russians has brought them across the Dniester River, where they have captured the towns of Zale Szczyky and Horodenka, where they are pressing forward toward the Prut river and the Bukowina frontier, with Czernowitz their objective.

Take Fortified Positions

Numerous Austrian fortified positions in this region have fallen into the hands of the Russians.

Farther north violent fighting is taking place around Tarnopol, where the Austro-Hungarians, reinforced by Germans, are holding back the attempts of the Russians to advance in the direction of Lemberg, capital of Galicia. Northeast of Tarnopol near Vorobievka, positions have changed hands repeatedly in the heavy fighting, while east of Kozlow, which lies southwest of Tarnopol, the capture of a Russian advanced post is reported by Vienna.

In Volhynia northwest and west of Lutsk, the Russians have driven out the Austrians near Rojitcha and occupied the town of Torchin, while west of Kolki, north of Lutsk, the Austrians have again repulsed the Russians who were attempting to cross the Styr river, inflicting heavy losses on them.

The diversion of the Germans on the northern part of the front apparently has not yet assumed great proportions. The latest Petrograd official communication merely reports bombardments of Russian positions at many points, while Berlin only records the defeat of the Russians southeast of Jacobstadt, and increase in the Russian artillery fire in the region of Barnovichi.

Canadians Make Notable Gain

The Canadian troops in the region of Ypres have made a notable gain over the Germans, retaking from them southeast of Zillebeek, in a "gallant and successful assault," more than 1500 yards of former British positions which the Germans captured recently. The regained ground was held despite a vigorous shelling by the Germans. The Germans suffered heavy casualties in the fighting.

After driving their wedge farther into the French line northeast of Verdun Monday the Germans on Tuesday did not follow up their advantage with infantry attacks. Only intermittent bombardments are taking place around Verdun.

In the Lagaria Valley the Italians of the Austro-Italian theatre the Italians have taken by assault strong Austrian positions and repulsed heavy counterattacks launched by the Austrians. On the Posina?Astico front the Austrians penetrated Molislini, but were later driven out, and in the Sugana valley they met repulse with considerable losses, in an attempt to advance east of the Maso Torrent.

Slight successes for their respective sides in Asia Minor are reported by the Russian and Turkish war offices. No important changes in the situation in this region have occurred, however.

The Verdun Campaign.

Much intellectual energy has been spent in discussing why the Germans keep on hammering away at Verdun, but the simplest explanation is that the general staff has been too busy to read the demonstrations by armchair critics that capture of the city is now impossible. Perhaps it is impossible, but to call it so while the Germans are still gaining ground is premature; in this case there is applicability for Mr. Asquith's famous motto "Wait and see." Certainly Germans in this country as at home, have not given over Verdun as hopeless, and consider the campaign as merely retarded. Their hopes cannot be dismissed preemptorily while so savage an offensive is being kept up as that now being waged; the fighting of the past few days has been called the most intense since the attack began on February 23. But the taking of the city would have no such significance now as three months ago; possible or impossible. It has been discounted by Gen. Joffre and the loss of Verdun would leave the lines intact. Of course the German position would be strengthened; whether proportionately to the losses incurred it is hard to say.

Remedies for Chiggers.

The U. S. government has just given certain evidence of an earnest deep interest in the welfare of citizens by issuing thru the department of agriculture a bulletin suggesting various remedies for "chiggers." Anyone who has suffered from the attacks and ravages of chiggers after spending a supposedly delightful day in the country will keenly appreciate this manifestation of the fatherly interest of the government.

Here are the anti-chigger suggestions:

"If a bath in hot water, or in water containing salt or strong soap, is taken within a few hours after exposure in shrubbery and weeds infested with 'chiggers', or 'red bugs', no ill effects will be experienced. After a long exposure, however, a bath has practically no effect, and direct remedies are necessary.

"After irritation has set in, and small red spots appear, the application of a moderately strong solution of ammonia to the affected parts is recommended by the Department of Agriculture's entomologists. A supersaturated solution of bicarbonate of soda or saleratus, will afford relief. Liberal applications should be made

Country Club. His wife no longer we'd invite, when we had tea or euchre fight. But we begin to realize that he who drives a horse is wise, for no horse owner e'er is seen to fill his steed with gasoline. A horse eats hay, and hay is cheap; one bale in luxury will keep a charger for three days or five, no odds how hard a man may drive. But if you fill your car with hay, and try to run the thing that way, it will not wag its tail and ears, or go a root in forty years. The owner of a car, alas, must blow his substance in for gas, and as the sparkling juice he pours, the fierce old price still higher soars.

A Business Experiment.

At Janesville, Wis., a business experiment is being tried which thus far gives promise of success. There labor, by co-operating, was able to start quite a large business enterprise practically without aid of capital. A modern plant has been erected for the manufacture of tractors. Laboring men gave their services in erecting the building and all the financial aid the industry has had was secured by popular subscription from business men. The field for the manufacture of tractors is just opening and is so alluring that the concern has the prospect of doing a very large business. If jealousies can be kept from the management of the concern there is good reason to predict its success. The great trouble with enterprises of this kind that have been tried in the past has been the petty jealousies which have come as the business has grown and eventually the rivalry and strife have so disturbed the management that failure has taken the place of success.

American Flag is 139 Years Old.

One hundred and thirty nine years ago—on June 14, 1777—Congress enacted: "That the flag of the United States be 13 stripes, alternate red and white; that the Union be 13 stars, white in a blue field, representing a new constellation."

Today the entire country, from the Atlantic to the Pacific shores and from the Great Lakes to the Gulf, will resound with the acclamations of a free people in celebration of the birthday of the emblem of their nationality. In all the large cities and in the town halls and school-houses of small villages and hamlets alike the days when the hand-made symbol of a body of united colonists fighting for self-respect and liberty will be recalled and the story of the struggle for the maintenance of an asserted independence will be told in oration, recitation and music.

Wherever the loyal and patriotic societies have headquarters and wherever the youth of the nation can be gathered to be given inspiration from the chronicle of America's struggle, accomplishment and progress, the bells will today ring out and the call of patriotism will be answered.

In the nation's capital Old Glory will wave triumphantly from public buildings, from all important business houses and even the quietest streets loyal citizens, with one accord, will display the emblem of union, freedom and enlightenment. Pennsylvania Avenue, always the main artery of the capital, will today especially be the current where the stream of national pride will show itself.

The big spectacular event of the day will be the Flag Day parade in the interest of the preparedness movement. For the first time within the memory of the oldest inhabitant of Washington a President of the United States is to be seen marching on foot in a public procession. President Wilson, accompanied by nearly all the members of his cabinet and the heads of the various departments of the government is to walk at the head of the parade from the Peace Monument to the Post Office Department Building and then drop out of line to review the procession. After the parade the president will be escorted to the Washington Monument lot, there to deliver the Flag Day address.

As in former years members of Rev. James Campbell Chapter D. A. R. have arranged for the observance of flag day and a "party" is to be given at the home of Miss Trabue on Mound avenue. One of the tasks of the D. A. R. is the observance of flag day and this is only one of the laudable ways by which the organization seeks to teach patriotism, especially to the younger generation. The indications are that flag day this year will be accounted even a more important anniversary than in the past because the discussion the past two years of the war abroad and defense preparations at home have all tended to lay special stress upon love of country. Then, too, the newer term—which in reality is but a revival of the use of the word—"Americanism" has tended to turn the thoughts of the people along patriotic lines.

Parker Left Bench When Nominated
While Senator Stone and other Democrats are making a great demonstration of condemning Charles E. Hughes for resigning from the supreme bench to become the presidential candidate, it has remained for Samuel G. Blythe to call attention to Democratic inconsistency in this regard. It was in St. Louis, in the very city where the national convention is to convene today, that in 1904 the Democrats nominated Judge Parker as their standard bearer. Judge Parker was not on the supreme bench but he had a high judicial position in New York state and the charges that some of the Democrats are making against Mr. Hughes would apply with equal force to Judge Parker. But the matter of consistency has never bothered the Democratic party.

An Open Air Farm Lecture

In an effort to increase the interest of Adams county farmers in soil conditions, a meeting has been arranged for Thursday afternoon, June 15, in the experiment field just a short distance southeast of Clayton. Dr. Cyril G. Hopkins, head of the agriculture department of the college of agriculture, university of Illinois, will lecture at this meeting which is to be held outdoors. An opportunity will be given for questions and Mr. Rusk, farm adviser in Adams county, is expecting a large attendance.

GAMMA DELTA LOVE FEAST IS ACCOUNTED BIGGEST AND BEST

Fourth Annual Gathering Held at
Peacock Inn With Interesting Program and Good Attendance.

The best attended banquet ever held by Gamma Delta society of Illinois college was served Tuesday evening at the Peacock Inn. This was the fourth annual love feast and all thru the evening the sentiment prevailed that past successes are but a beginning and that Gamma Delta is destined to tread for many years a broadening path of prosperity and usefulness.

Good reports were made with regard to the growth of the fund for the Woman's Building. Substantial additions have come from the recent benefit concert, from the alumnae of the Academy and from the May Day association. Greetings were sent to Sigma Phi Epsilon, Gamma Delta's sister society, in session for the first annual love feast at the Colonial Inn.

Mrs. Edward P. Kirby, the toast-mistress, after well chosen remarks upon the ideal and purpose of the society, called upon the following speakers:

To Sigma Phi Epsilon—Mary Alexander.

"Tomorrow at the day's dawn", Browning—Marion Candee.

"For thou wilt find she will out-strip

All praise and make it halt behind her," The Tempest—Elson Barnes.

"Seid Einig, einig, einig"—Velma Dugger.

The Home Coming—Irene Moore.

The House in the Making—Grace McLaughlin.

"Five years have passed; five summers with the length of five long winters." Wordsworth—Miss Cole.

The meeting was closed by singing of the Gamma Delta song, the words of which were composed by Mrs. Sherman Leavitt. The song follows:

O Gamma Delta, hail to thee!

In faith, in love, in loyalty!

To thy dear name,

Be honor, fame,

Forevermore.

O Gamma Delta, may ours be

A larger life, a vision free,

With service rendered,

With good engendered,

Where'er we be!

O Gamma Delta! Hail to thee!

In years to come, O wilt thou be

Our guiding star

From near or far

Forevermore.

PHI ALPHA HOLDS TRIENNIAL REUNION

NOTABLE GATHERING OF MEMBERSHIP IN THE COLLEGE GYMNASIUM.

Splendid List of Toasts Given by Prominent Speakers With W. E. Sampson as Toastmaster—Society Finishes Thousand Dollar Memorial Fund of Founders.

Phi Alpha has held many notable triennials in her history, but the one of 1916, last night, will go down in the annals of the organization as the most enthusiastic and successful for a number of years. It was noteworthy because of the unusually large attendance and from the character of the speakers who made up the program.

It had been the original intention of the committee in charge to hold the banquet in Phi Alpha hall but it was found that the hall was so small that it could not accommodate all. Shortly after 6 o'clock the members began to arrive at Beecher hall, where for an hour a genuine social time was enjoyed and cordial greetings were in evidence on every hand. It was the first time that an opportunity was afforded a number of the old members to see the improvements that had been made in the old hall, and gratification was in evidence for the enterprise shown by the present members.

Banquet in Gymnasium.
It was 7 o'clock before adjournment was taken to the gymnasium, where an elegant banquet was faultlessly served under the auspices of the ladies of Central Christian church. The tables were neatly arranged through the gymnasium and beautiful summer flowers of many varieties were used in the decorations. Every courtesy was extended to the members by those having the banquet in charge. Thomas Mangner, president of the society, introduced the toastmaster of the evening, W. E. Sampson, '98 of Springfield. Mr. Sampson's ability as a platform speaker made him a very able and capable toastmaster, and he filled the position in a manner entirely satisfactory to the society.

Completes Memorial Fund.

Before the program of the evening was taken up Mr. Sampson introduced the Rev. Thomas W. Smith who spoke of the memorial scholarship fund for the seven founders of Phi Alpha society. The speaker stated that there was lacking only \$137 to complete the thousand dollars needed. Cards were passed among the membership and there was great rejoicing when it was announced that \$158 had been subscribed.

New Members Admitted.

A pleasing feature of the early part of the exercises was the admission into the society of Hugh Filson of the class of '02 and Frank Bristow of the class of '03. These men were former members of Gamma Nu society, now extinct. The society also had the pleasure of voting into membership Fairbank Smith, a member of this year's graduating class.

The exercises were opened formally by singing a new Phi Alpha song, entitled, "I'm Glad I am a Phi." The words were written by Charles H. Lummer of the class of '55, now of Chicago and the music was written by Dean Cochran.

Greetings from Sigma Pi.

Greetings were sent from Sigma Pi society, who were holding a banquet at Colonial Inn which was read by toastmaster as follows:

"Sigma Pi society gathered in its annual love feast to Phi Alpha society reunion assembled, extends heartiest greetings and begs to express the earnest hope that this triennial reunion will prove the best thus far of many splendid reunions."

Ernest F. Alford, President.

Bible of William Jayne.

One of the noteworthy incidents of the gathering was the presentation of a Bible to the organization belonging to the late William Jayne of Springfield, the last of the founders of the society. The presentation was made by S. W. Nichols of the class of '68 who spoke of the life of the beloved William Jayne. Mr. Nichols paid a glowing and fitting tribute to his memory. Not only to his work and words as a member of Phi Alpha society, but to the large place he had filled as a citizen of this great commonwealth. The Bible was one that Mr. Jayne's mother had given him, and it was presented to the society thru his son, William J. Jayne. Upon the solicitation of a committee from

Phi Alpha who sought some keepsake from the notable founder. The inscription in the Bible reads as follows: "Presented to Phi Alpha society June 12, 1916, by William J. Jayne as a memento of his father, William Jayne—October 8, 1826—March 20, 1916." On the second leaf of the bible were these words, "William Jayne from your mother. Read it with care, measuring up its truths and may you become wise to salvation is my prayer. Springfield, October 8, 1850."

Sentiment of Speaker.

It would be impossible to state in a few brief paragraphs the sentiments that were expressed by the various speakers. The committee in charge chose wisely in naming the representatives to address the assembly and a better list of toasts were never responded to at a triennial.

George W. Govett of the class of '95 found a happy thought in the fact that his father as well as himself had graduated from Illinois and that a grandson was expected in no future day to attend the school.

President Rammelkamp related that he came here 14 years ago and reviewed briefly the history of the college since that time. His prophecy as to the condition in the year 1929, were heard with unusual interest.

Rev. Charles M. Eames of the class of '04, inspired his audience with the possibilities that the great Chinese empire afforded to men of the Phi Alpha stamp. For seven years Rev. Mr. Eames has been a missionary to that far off country.

Carl E. Robinson of '09 reviewed the present work of the society, speaking particularly of its efforts along the debating line and of the victory this year in the annual joint debate.

Rev. Allan A. Tanner of the class of '88, now a prominent minister in Denver, Colo., gave a stirring address upon the work of the church among the laboring men. It was inspiring and his words were given with great force and left a profound impression upon the society.

Fred H. Rankin, who is assistant dean of the agricultural college of the University of Illinois spoke of the subject, "Oh What Shall the Harvest Be." He reviewed the European war briefly and closed with an earnest appeal to the younger members of the society that the world demanded of them their best efforts and that Phi Alpha training would be a great asset to them.

Edward Capps of the class of '87 laid particular emphasis on the fact that Phi Alpha society should let nothing social interfere with perpetuating the time honored traditions of the society.

R. A. Campbell, Ex '51, of Bowling Green, Mo., the honored mentor of the society was one of the conspicuous members present. He asked that his address might be read which was done by Mr. Gustafson and it was voted that his remarks be placed in the archives of the society.

An original poem entitled, "After Five and Sixty-five Years," by George M. McConnell was read by Walter Heath.

George B. Watkins, '88 was unable to be present and his place was filled by the Hon. Andrew Russell, who spoke briefly of his loyalty to Illinois college and Phi Alpha society.

J. E. Clifford was also unable to be present and his place was ably filled by Charles S. Rannels.

The last speaker of the evening was the Rev. Thomas W. Smith of the class of '87, who gave a very fitting toast on the subject of "Truth" as exemplified in the life of Christ, and which has ever been one of the principal mottoes of the society.

The committee in charge of the triennial was composed of S. W. Nichols, chairman, Carl E. Robinson, Walter Heath and Arthur Gustafson.

Miss Margaret Wolfe was hostess to a party of twelve friends at a party given recently at the home of her parents, Mr. and Mrs. W. G. Wolfe, near Markham, in honor of Miss Ruth Carlson of Jacksonville, the guest of Miss Wolfe. A pleasant evening was spent with games and music. Dainty refreshments were served.

W. J. MOORE DIES BY OWN HAND TUESDAY AT DAUGHTER'S HOME

Prominent Jacksonville Citizen, Suffering from Ill Health, Ends Life by Asphyxiation—Mr. and Mrs. M. E. Gilbert Out of City.

William J. Moore was found dead at 3:30 o'clock Tuesday afternoon at the home of his daughter, Mrs. M. E. Gilbert, 359 South Diamond street. Securing admission to the house in the absence of Mr. and Mrs. Gilbert he had gone to the bathroom and turned on the gas. According to Dr. A. M. King, who was at once summoned when the suicide was discovered, Mr. Moore had been dead for two or three hours.

Mr. Moore was for many years one of Jacksonville's foremost citizens, but for the past two years or more had been out of active business. On June 1, 1914, he went to Ohio to attend the funeral of his uncle, John Moore, and seized with critical illness, underwent a major operation. His health ever since has been seriously impaired.

Mr. and Mrs. Gilbert, who left a few days since for Indianapolis by automobile, were reached by telegraph Tuesday night and sent word that they would take the earliest train possible for Jacksonville.

The body was taken to the undertaking establishment of W. W. Gilhim and there prepared for burial. Coroner Wright was found to be out of the city and the deputy coroner could make no definite statement of time, it is probable that an inquest will be held this forenoon.

After breakfast Tuesday morning Mr. Moore went to the garden of his residence, 603 South Prairie street, and after engaging in some light work for a time, told Mrs. Moore that he would return to the house. This was the last time he was seen by members of the family.

The suicide was discovered by Lloyd Sitherwood, a clerk at Gilbert's pharmacy, who has rooms at the Gilbert home. Tuesday was Mr. Sitherwood's afternoon off and it was the odor of gas noticed by him on sitting down to read in the parlor, that first aroused suspicion. Going upstairs he detected the sound of gas escaping in the bathroom. Neighbors had by this time begun to gather. Entrance to the bathroom was secured by Officer Frank Baker, who borrowed a ladder from painters at work in the neighborhood and forced open the window from the outside.

Harrison Dickson, in company with clerks at the pharmacy, forced the door and the lifeless body of Mr. Moore, fully clad, was found in the bathroom floor.

Mr. Moore had evidently planned for as quick a death as possible. Stopping the ventilator and key hole with paper, he closed down the window, locked the door and pulled loose the gas pipe which supplies the heater. So far as known he left no written word.

Obituary

William J. Moore was born in Batavia, O., Feb. 15, 1848 and was hence at the time of death 68 years, 3 months and 28 days old. He was the son of Lester L. and Eliza E. (Russ) Moore. After attending the schools of Batavia he went to Delaware, O., and spent a year in study at Ohio Wesleyan university.

At the age of 16 Mr. Moore enlisted in Co. B, 138th Regiment, Ohio Infantry, as one of the "hundred day" men. He did guard duty at Alexandria and Petersburg.

Mr. Moore was married to Miss Almira Kain of Batavia, O., May 16, 1872, and came at once to Springfield, Ill., to make his home, removing in the fall of the same year to Jacksonville. He was then a commercial traveler but since 1873 has been a merchant. Mr. Moore was a member of the city council, being chosen to fill the unexpired term of his son, Thomas Moore, who died in office during the first administration of Mayor John R. Davis. Mr. Moore was re-elected in 1903 and served until 1905. He was a member of Matt Starr post, G. A. R., and was always active in the work of that organization. He was a member of the Methodist church, having professed faith in Christ at the age of twelve. He was class leader and a steward in the church and was at all times held in high esteem as a Christian citizen.

Surviving Mr. Moore are two children, Charles K. Moore and Louise, wife of M. E. Gilbert of this city; one brother, George E. Moore of Indianapolis, Ind., three sisters, Mrs. Laura E. Lewis, Batavia, O.; Mrs. Lizzie E. Dudley of the same city and Mrs. Ella Edwards of Los Angeles, Cal. Two children died in infancy and Mr. Moore's son, Thomas E., passed away May 18, 1901. He is survived also by his widow, Mrs. Almira K. Moore.

SIGMA PHI EPSILON HOLDS FIRST ANNUAL BANQUET

Elaborate Gathering at Colonial Inn Tuesday Night Marks Close of Successful Year.

Sigma Phi Epsilon gathered for the first annual banquet Tuesday evening at the Colonial Inn and the society is the youngest Illinois college organization, the enthusiasm manifest would have done credit to that displayed by societies which count age by decades. Women of the college have already proved their ability to support two literary organizations and members of Sigma Phi Epsilon have done much good work, also, toward the Women's Building fund.

Miss Eunice T. Gray, head of Academy hall, served as toastmistress, fulfilling the duties of that position in happy manner. Special guests Tuesday evening were Dr. Josephine Milligan, Dr. Grace Dewey, Mrs. J. G. Ames, Mrs. C. H. Rammelkamp and Miss Helen Crawley.

Following is the banquet program: Our Pin—Miss Helen Crawley. "The eye is the first circle; the horizon which it forms is the second, and through nature this primary figure is repeated without end. It is the highest emblem in the cipher of the world."—Emerson.

Our Flower—Miss Rebecca Scheibel. "Methinks that there abides in thee Some concord with humanity. Given to no other flower I see The forest thru."

Wordsworth. Our Object—Dr. Josephine Milligan. "Blessed is he who has found his work, let him ask no other blessedness. He has a work, a life purpose; he has found it and will follow it."—Carlyle.

Our Motto—Miss Bernice Wheeler. "No life can be pure in its purpose or strong in its strife. And all life not be purer and stronger thereby."—Meredith.

M. B. Keplinger of Franklin was in the city yesterday to attend the Phi Alpha banquet last evening.

HAVE YOU Made a Will?

Do you realize that if you do not dispose of your property by WILL, your estate may be disposed of by law very differently from the way you would wish? The law respecting estates for which no will has been made, takes no account of the special personal needs of each beneficiary.

Perhaps one of your heirs may not be well qualified to care for property, and it should be placed in trust for him; or, perhaps circumstances may make it advisable that one heir should receive a larger share than the others; or that the property should be given to him in a different form from that given others. But, unless a WILL is made, each heir must share the property in accordance with the rigid provisions of the law.

When you make your WILL why not assure efficient and economical management of your estate by appointing The Farmers State Bank and Trust Company as executor and trustee? The Company has all the qualifications of a competent trustee, including assured existence throughout generations of beneficiaries. It has qualifications which no individual can possess. Moreover, the cost of its specialized and competent service is no greater than the uncertain service of an individual trustee.

The officers of the Company will be glad to confer with you, regarding this important matter, or any other trust or banking business you have in mind.

The Farmers State Bank and Trust Company You Can Trust This Trust Company.

New Post Toasties

Here's the why:

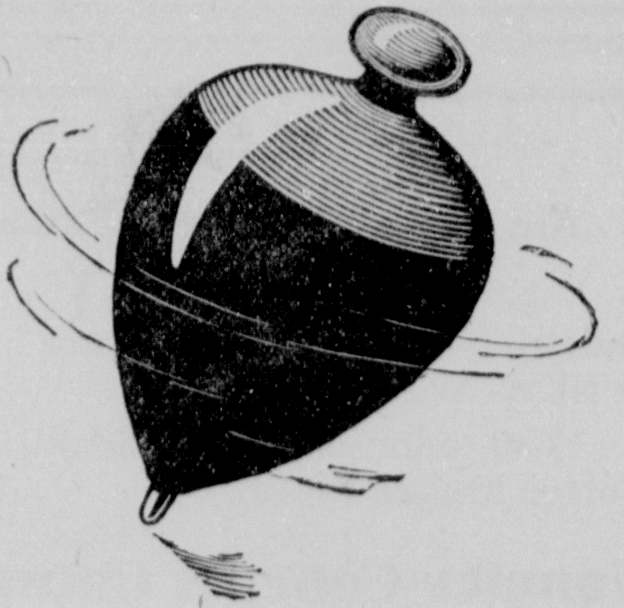

The New Toasties have a delicate, true corn flavor—unmatched by any other corn flakes. Trial proves.

They are the meat of choicest white Indian Corn—first cooked and seasoned, then rolled into thin wisps and toasted by quick, intense rotary heat. This new patented process of making raises distinguishing little bubbles on each flake, and brings out their wonderful new flavor.

257 Cars in One

The New-Model Mitchell, out April 15th, was completed after the New York Shows. All the beautiful touring models shown at the Shows were considered in its design.

And our experts examined 257 models to combine in this Mitchell all the best new ideas in body and equipment. No other car on the market has nearly so many of the latest-style attractions.

26 Extra Features

In addition, this New Mitchell has 26 features not found in other cars.

Some are extra equipment—like a power tire pump, reversible searchlights, gasoline primer on instrument board, etc.

Some are comfort features, like the Bate cantilever springs. No other car ever built compares in easy riding.

Some are beauties and conveniences—things you want and things you'd miss. When you see them—one by one—you will not want a car without them.

The Mitchell factory—covering 45 acres—was designed and equipped by John W. Bate, the famous efficiency expert. He has worked out here 10,000 factory economies. In ordinary plants a car like this would cost 20 per cent more to build.

That saving pays for these extras. They give you by far the greatest value to be found in a high-grade car. You will find a hundred things here to delight you.

DAY TIME CELEBRATION TO BE HELD IN CENTRAL PARK

Only the Evening Observance and Fire Works Display Will Take Place at Park, July 4th.

Jacksonville's celebration of the Fourth of July will be divided between the downtown business district and Nichols Park. This plan was decided upon at a meeting held in the Chamber of Commerce rooms at 10 o'clock Tuesday morning.

Among the business men present at the meeting the predominant feeling was that something should be held down town during the day with the fireworks and baseball game at the park. The plan finally agreed upon was to have the celebration in the business district until 4 o'clock. Then from that hour on until after the fireworks the celebration will be at Nichols Park.

There was a wide difference of opinion as to the hours for closing the places of business. It was finally decided that the only question to be considered was as to the hours of celebration and the merchants in the various lines could get together and settle on closing hours to best suit their convenience.

The meeting was presided over by Jay Rodgers, secretary of the Chamber of Commerce. After some discussion in which it was brought out that all the plans thus far formulated contemplated the entire celebration at Nichols Park, Joseph Shreve made a motion which was seconded by Clarence Lukeman, that the action of the former meeting be reconsidered. This motion carried, H. P. Obermeyer then moved with a second by C. L. DePew that the celebration be held down town until 4 o'clock. The motion brought forth a number of amendments which were finally withdrawn and the original motion carried.

Before the motion was put the chairman called on everyone present for an opinion as to the most desirable place to hold the celebration. It was the opinion of a majority of the place to hold the celebration should be held down town in order to give the merchants an opportunity to derive some benefit. However, there was a disposition shown by those of differing opinions to give and take in the matter and before the meeting adjourned the get-together spirit predominated. Henry Greenstone, C. R. Knollenberg and H. P. Obermeyer were added to the financial committee and started out immediately to solicit funds.

Those present at the meeting were Robert Mullenix, E. A. Brennan, Jacob Long, C. R. Knollenberg, J. P. Brown, J. H. Rayhill, C. L. DePew, C. H. Russell, P. Bonansinga, Basil Geneatos, Joseph Shreve, Dennis Schram, H. P. Obermeyer, Henry Greenstone, Clarence Lukeman, W. S. Ehnle, Chris Geneatos, E. A. Hearn and G. W. Davis.

ADMIRAL BRADLEY A. FISKE RETIRE FROM SERVICE IN NAVY

Was One of Last on Active List of Those Who Fought With Dewey

Washington, D. C., June 13.—The United States lost one of its best known officers today by the retirement for age of Rear Admiral Bradley A. Fiske. Admiral Fiske was one of the last survivors on the active list of the officers who fought with Dewey at Manila Bay. Until about a year ago he was aid for operations in the Navy Department, a position he relinquished because of views concerning the administration of the various fleets that did not coincide with the ideas of Secretary Daniels. Subsequently he was attached to the Naval War College. This spring he was called upon to testify before the House Committee on Naval Affairs and was outspoken in his criticism of the navy.

Admiral Fiske was born at Lyons, N. Y., June 13, 1854, and was graduated from the Annapolis academy in 1874 with second honors in his class. He was navigator of the Petrel at the battle of Manila, and was reported by her captain for "eminent and conspicuous conduct in battle" and by Admiral Dewey for "heroic conduct."

As a flag officer, he served as division commander with marked success and was at the head of the fleet tactical board. In training for the duties of higher command he had an unusual experience. Twice in attendance at the Naval War College, he afterward served as a member of the general board. He also was one of the point board on the Panama Canal defenses.

In the course of his varied service Admiral Fiske has written many articles of great interest and instructive value on professional topics, particularly on naval policy and strategy and tactics.

He is also the inventor of a number of valuable instruments and apparatus, most of which are for naval use. His most important inventions are an apparatus for lowering and hoisting ship's boats in a seaway, an electrical range finder, the naval telescope sight, the electric warning whistle which has been used in all recent ships, the electric sensorphore of day signals, the naval telescope mount, the turret range finder, and the stadimeter, a portable optical instrument for quickly determining the distance of a vessel, when the height of its mast is known, when in use in all our ships. His naval telescope sight has eliminated all errors in sighting heavy guns at sea, and is nearly the most important naval invention of recent years.

FIFTY YEARS OLD IS THE MASSACHUSETTS TECH

Famous Institution Will Observe Anniversary This Year.

Boston, Mass., June 12.—Fifty years! All that rounding out of half a century of progress and development, of building and expansion, of goals gained and ambitions realized, of work performed and projects completed, of ideals attained and problems solved, of things done, means to a great institution of learning is what the Massachusetts Institute of Technology, opened to the reception of students fifty years ago, will celebrate during the present week. Combined with the semi-centennial celebration will be the formal dedication of the magnificent new buildings that have arisen on the Cambridge side of the Charles River basin and the transfers of the main departments of the institute from Boston to the new plant.

The double celebration has attracted a great attendance of the learned men of the nation. Practically every American college of prominence is represented among the visitors by one or more of its faculty, and several foreign universities and scientific visitors have sent their distinguished scholars to take part in the ceremonies. Hundreds of Tech alumni have returned to the alma mater for the occasion, some of them journeying from points as far distant as Australia and South Africa.

The program of this, the opening day of the celebration, was replete with interesting features. The main event was the laying of the cornerstone this afternoon for the Walker Memorial building, a \$400,000 edifice which is to serve as the social center for the students. The dedication exercises were followed by a program of water sports and a demonstration of submarine and naval craft in Charles River Basin.

The Charles River Basin will be the scene of another attractive feature of the program when, at dusk tomorrow evening, the formal transfer will be made of the archives of Technology from the Rogers building in Boston to their new home in Cambridge. The formal procession will include a decorated barge of state, modelled after the old Bucen-taur, in which the Doges of Venice sailed forth to wed the Adriatic, for President MacLaurin and the faculty. Accompanying the barge of state will be numerous attendant vessels, each with groups characteristic of historic periods in science, and the flotilla will make its way across the Basin, where its arrival will be the signal for the initial phases of a great Masque and Pageant.

Wednesday will be the day of formal dedication of the new building. Resident MacLaurin will welcome the delegates and visitors, Governor McCall and President Lowell of Harvard will make brief addresses, while the orator of the afternoon will be Senator Henry Cabot Lodge.

Wilbur Hitt left yesterday evening to direct his band in White Hall. He will take his band to Carrollton next week to play at the Ford Owners' picnic.

OLD PHI ALPHA MAN WAS FORTY YEARS IN PUBLIC SERVICE

Judge Robert A. Campbell, Former Lieutenant Governor of Missouri, Will Be Given Honorary Degree at Illinois College.

More than forty years of public service is the record of Judge Robert A. Campbell of Bowling Green, Mo., in Jacksonville to attend the commencement exercises of his alma mater and to receive an honorary master's degree from Illinois College. Judge Campbell is a member of the class of 1852 and is one of the oldest surviving members of Phi Alpha society. The address by him at the Phi Alpha triennial celebration Tuesday night has added interest from the fact that he was personally acquainted with the founders and was a member of the society in the days of its infancy.

Judge Campbell was born September 2, 1832, and is thus in his eighty-fourth year. He entered Illinois college as a junior in 1850 from Bowling Green, and leaving a short time before the commencement in 1852 and going with his father to California. Returning to Missouri two years later, Judge Campbell began the study of law and in 1854 held his first public position as a clerk in the Missouri state capitol at Jefferson. Soon after the outbreak of the Civil war he enlisted in the 5th Missouri infantry and was adjutant of the regiment under Col. T. J. C. Fagg, an Illinois college graduate of the class of 1842 and until recently the oldest living alumnus. The 5th Missouri was disbanded in six months after organization and reorganized as the 49th Missouri infantry and it was as a captain and major in this regiment that Judge Campbell saw almost four years of service, broken only by trips to the Missouri capitol, where he sat as a member of the convention of 1861, which during the period of the war was the real government of the state. Judge Campbell was in the siege of Vicksburg and saw considerable fighting also within the borders of Missouri.

Before the war Judge Campbell was enrolled in the Whig party, but for more than sixty years has been a loyal supporter of the Democracy. He is no less loyal a citizen of Pike county, and is proud to relate that he comes from a county which has given to the state and nation many public men, among them Major General Murray, Governor Major of Missouri, and the speaker of the house of representatives, Champ Clark.

For eight years Judge Campbell represented the county of Pike in the Missouri state legislature. In 1880 he was elected to the lieutenant governorship, serving for four years as presiding officer of the senate. In 1885 he removed to St. Louis, holding a judicial appointment under Gov. David R. Francis for a number of years, as well as the position of city comptroller. Since his retirement from active life the judge has devoted his time to the supervision of a large farm he owns near Bowling Green and has had opportunity to again remember his college days and visit once more the scene of his youthful studies. This is the second Phi Alpha triennial Judge Campbell has recently attended and among the many who have come from all parts of the nation to be present at this gathering none were more welcome.

CURED AT OAK LAWN

Jacksonville, Ill., May 24, 1916. To Whom it May Concern: This is to certify that I was afflicted with inflammatory and muscular rheumatism and confined to my room for some time; at the suggestion of my physician, Dr. Wolman, I was taken to Oak Lawn Sanatorium for treatment.

After four weeks treatment at the Sanatorium I was absolutely cured and able to return to my duties as Chief at the Jacksonville Fire Department and at this time I am in good shape.

I would cheerfully recommend the treatment to anyone similarly afflicted.

Very truly,
Samuel Hunt,
Chief of Fire Department.

The Philippian Jailor. Acts 16: 16-40.

Golden Text: Believe on the Lord Jesus and thou shalt be saved, thou and thy house. Acts 16: 31.

1. Verses 16-21. In what class do you place those who profit by the gains of fallen women?

2. This young woman was possessed with a very clever spirit of evil—an all round spirit of deception, including fortune telling; now wherein did her sin consist, and that of her owners?

3. Which are more to be blamed in these days, fortune tellers or their willing dupes?

4. When bad men are losing the gains of their evil occupations, are they apt to be very sensitive about the truth when they seek the injury of those who have destroyed their business? For example liquor sellers, gamblers and keepers of immoral houses. Give a reason for your answer.

Brooklyn 3; St. Louis 1
Brooklyn, June 13—Pfeffer held St. Louis to two hits today which, with Daubert's good batting, enabled Brooklyn to win 3 to 1. Long made a scratch hit in the fourth inning, and in the ninth, after the side should have been retired, Hornsby made the second hit. In the other innings, St. Louis was retired in order. Score:
St. Louis 000 000 001—1
Brooklyn 001 001 01x—3
Meadows and Snyder; Pfeffer and Meyers.

Philadelphia 5; Pittsburgh 3
Philadelphia, June 13—Philadelphia again defeated Pittsburgh today, the score being 5 to 3. Miller was knocked off the rubber by the home team in four innings and Adams worked good until the eighth, when Niehoff's double, Stock's bunt, which Adams threw to third too late to catch Niehoff, Cravath's out and Whitte's sacrifice scored two runs and won the game. Score:
Pittsburgh 100 002 000 3 10 2

Miller, Adams and Wilson; Demaree, Bender and Burns.

Cincinnati 0; Boston 0
Boston, June 13—After a suction pump had been used to aid in draining the diamond, following a heavy downpour of rain today, Cincinnati and Boston played for sixteen innings. Neither team being able to score, darkness finally necessitated calling the game. Toney and Schneider held the Braves to three hits. Cincinnati's hits were numerous, but they were well scattered and the Braves were strong defensively. Score:
Cincinnati 000 000 000 000 000—0
Boston 000 000 000 000 000—0

WILL BE ACTIVE CANDIDATE

In accordance with the statement made some time ago, M. L. Hildreth has made formal announcement as a candidate for Republican nomination for member of the legislature from this district. Mr. Hildreth has long been an active party worker and has seldom asked recognition at the hands of the party. He is exceedingly well known in both Morgan and Sangamon counties and promises to make a very active canvass. He has already received a great deal of encouragement, especially in Sangamon county where a number of the leaders have conceded the right of Morgan county to have direct representation in the legislature.

The Misses Etta Hennessey, Margaret Phelan, Mollie Doolin, and Josephine Steinmetz have returned to this city after a visit with friends in Peoria.

WASHINGTON DRIVES WALSH FROM SLAB

SENATORS WIN FROM SGX BY 3 TO 2

Big Pitcher Makes a Game Start, Fanning Two in First, But Senators Get Three Runs in Next Two Innings and Russell Succeeds Big Ed.

Chicago, June 13.—Ed Walsh attempted a 1916 "come back" today, but Washington drove him from the slab in the third inning and made enough runs off him to win from Chicago, 3 to 2. The big pitcher made a game start, fanning Judge and Milan in the first, but Morgan's walk and Foster's double gave Washington a run in the second, and Harper's two bagger, two singles and a wild throw by Ness gave the Senators two more in the third, whereupon Russell succeeded Walsh.

WAVERLY WINS RUBBER FROM FRANKLIN

Third and Deciding Game of Series Resulted in 6 to 3 Score.

The third and deciding game of the series between Waverly and Franklin was played on Franklin's diamond, Waverly being the victor at the end of the ninth inning by a score of 6 to 3.

Bryan pitching for Waverly allowed but six hits and only walked one man. He struck out eight men. Gotschall pitching for Franklin only allowed six hits but he was wild and several of his wild throws cost runs. Seymour replaced Gotschall in the seventh and held the visitors without a hit or a run.

When Franklin came to bat in the ninth the score was 6 to 1 in favor of Waverly. Franklin staged a batting rally and scored two runs on singles by Seymour, Cooper, Brown and Dodd. Two men were left stranded on the paths when Grimsley and Gotschall struck out. The score:

Pleasant Reflections

It's a big load off one's mind to know that his storage battery is working right. Our expert service is an assurance of good starting and lighting.

Use Care in Starting

Free inspection of any battery at any time

Most all of us have gone along the street at some time or other, and heard a motor churn and churn under the power of an electric starter without any apparent results.

This is one of the most frequent causes of storage battery trouble according to a service representative of the Willard Storage Battery Co. He explained that very few motorists seemed to realize the immense amount of electrical power which is required to turn a motor, and what a considerable amount of driving at charging speed is necessary to restore same amount of current to the battery.

A little care in operating the self-starter will obviate this trouble. The driver should always make sure that the starting switch is thrown before attempting to operate the self-starter. Sometimes the gasoline tank is empty and under such conditions no amount of cranking would start the motor.

The ignition button should always be pressed in firmly and all wire connections should be tight. Occasionally the gasoline mixture is too weak and on most cars this can be adjusted from the dash. The coil and distributor should be kept perfectly dry in order for the current to reach the spark plugs.

WOMEN IN THE NEWS

Wellesley, Mass.—In triumphant answer to the legend that "college women do not marry," 13 seniors at Wellesley College have already announced their engagements, while the number of "suspects" is considerably larger. These happy "bride graduates" are Miss Hazel Watts, Scappoose, Wash. Miss Frances Moore, New Bloomfield, Pa.; Miss Elizabeth Fuller, Newton, Mass.; Miss Emily Porter, Philadelphia, Pa.; Miss Charlotte Wahl, Brooklyn, N. Y.; Miss Laura Jennings, Greensburg, Pa.; Miss Eleanor Edmonds, Newton Center, Mass.; Miss Lulu Cooper, Cincinnati, O.; Miss Olive Very, Westwood, Mass.; Miss Elizabeth Mason, Watertown, Mass.; Miss Julia Merrill, West Somerville, Mass. Of these, Miss Very is to be the "class bride." Her wedding will take place June 21, the day after commencement.

Seattle, Wash.—Miss Mildred West Loring, of this city, has been awarded the \$1000 Sarah Berliner Fellowship at Johns Hopkins University, Maryland, where she has been studying for two years and will receive her degree of doctor of philosophy this June. Her A. B. and M. A. degrees were taken at the University of Washington.

Minneapolis, Minn.—Miss Constance Madison, for the past two years an agent of the Humane Society, has severed her connection with that organization to open a secret service bureau. Miss Madison is Minneapolis's first woman sleuth, and became widely known thru her connection with the recent vice investigation which has brought several men and women to court in trials now pending. It was her work that started an investigation last winter following an arrest on a white slavery charge.

Milwaukee, Wis.—Miss Agnes Murray, a trained medical social worker from the Boston Dispensary, a graduate of Bryn Mawr and herself a Protestant, has the unusual task of instructing Catholic nursing sisters of the Northwest, under the authority of the Medical School of Marquette University, the leading Catholic medical institution of the West. For six weeks, Miss Murray will give practical medical instruction to nearly 300 nuns from Catholic hospitals attending summer school of the Marquette Medical School.

New York City.—Able fashion designers have been in such demand since the war cut off the supply of foreign designs, that applications at the New York School of Applied Design for Women exceed by several hundred the number that can be furnished. The peculiar aptitude, gifts and taste of the American woman in these lines, which fall little short of those of her Parisian and Viennese cousins, have come out brilliantly with the unusual opportunity offered by the war. More than 12,000 girls have been placed in well paid positions by the school since its organization in 1892.

Indianapolis, Ind.—Miss Alice Sanger, formerly of this city, and for many years attached to the office of the Postmaster General at Washington, has been given the title of "Mother of Flag Day," by her friends, as the originator of the honors paid the American flag on June 14. Miss Sanger not only originated the idea, but the ceremonies by which the day was first observed in the Post Office Department of Washington in 1908. Since then the custom has spread into all departments of governmental service and is now recognized by a patriotic demonstration almost as great

1916 CLASS PRESENTED UNIQUE PROGRAM TUESDAY

Illinois College Students Took Look Into Future—Held 1911 Banquet as a Class Day Stunt.

The class day exercises at Illinois college Tuesday were very much out of the ordinary and the assembled audience found them very entertaining. Instead of the customary program, the class had conceived the idea of holding a union of the class at a date twenty-five years hence. So when the curtain at the front of the stage was drawn aside it disclosed the class members gathered in "Rammelkamp Hall," a stately building erected on the college campus and one of a number of imposing buildings placed there during the intervening twenty-five years from 1916 to 1941. Mr. Edward J. Alexander of New York City presided as toastmaster, and the following sentences were responded to in a way which gave the audience frequent opportunity for laughter and applause. Incidentally the program gave evidence of the faith the graduates have of the certain desirable growth which will come to "old Illinois" within the next few years, for after all, a quarter of a century means but a few years.

What 1916 has accomplished—Mr. Clay Elliott of London, England.

Changes on the hill—Mr. Walter H. Heath of St. Louis.

The faculty in our day—Mr. Edward Bullard of Chicago.

Woman's Influence at I. C.—Miss Miriam Akers of Los Angeles.

The Class that Followed Us—Cap. Tom Manger of Dublin, Ireland.

Our Children—Prof. Roy W. Newberry of Carlinville, Ill.

Poem—Mrs. Beulah Ennis Labrousse of Boston.

morrow all along the 12 blocks between the hotel and Convention hall, the women will gather under their cap-tains and take their places on the two sides of the street down which delegates to the convention must walk. All save a few who will take part in a tableaux production, will be clothed in white dresses and yellow sashes and more than six thousand of them will carry yellow cotton umbrellas that are not rain-proof. The tableaux to be formed on the steps of the art museum, will represent the states that are enfranchised, those that are partly enfranchised and those where women are totally disfranchised.

Hold Dress Rehearsal.

A dress rehearsal was held today by tableaux participants. The women who form the lane have not rehearsed because their part is only to open and close their gay colored umbrellas and shift places with their nearest neighbor every 15 minutes. A final warning against talking in line was issued tonight by "General" Updegraff, the grand marshal of the day. Silence in the lane is to be one of its marked features.

The climax of the demonstration will come tomorrow night when women from all the suffrage states will gather about a flag pole in front of a hotel and sing the "Star Spangled Banner" while a flag is being raised in a spotlight's rays. Thirteen speakers from the enfranchised states and Alaska will address the crowds from automobiles on prominent street corners.

Suffragists and anti-suffragists will be given a hearing Thursday by the resolutions committee, it was announced tonight.

Mrs. Arthur M. Dodge, president of the National Association, opposed to woman suffrage, and Mrs. A. J. George, have opened headquarters and are conducting a campaign. They will appear before the resolutions committee with the suffragists.

DEMOCRATS OPEN CONVENTION TODAY

(Continued From Page One.)

the personal part he will play in the campaign, according to secretary Baker.

Secretary Baker was besieged tonight for information regarding the probable campaign manager, the chairman of the national committee. It became known that Colonel E. M. House, the president's closest personal friend and adviser, and Fred B. Lynch, Minnesota national committeeman, have been practically eliminated from consideration. Col. House, it was said, was asked by the president to take the place, but believes another should manage the fight as the new chairman of the national committee.

Mention Marsh for Treasurer. Wilbur W. Marsh, Iowa national committeeman, was prominently mentioned tonight for treasurer, and Henry Morgenthau of New York, former ambassador to Turkey, was said to be slated for chairman of the finance committee.

Regarding the plan broached by some leaders to send a square, clean cut invitation to the Progressives to join the Democrats, or make specific platform overtures to that effect, Mr. Baker said:

"The Progressives are a group of men who are earnestly and devotedly trying to serve a set of deep-rooted political beliefs. They don't want a piece of engraved stationery which they can call an invitation, but evidence that the Democrats and Progressives are trying to serve the same cause."

"The record of the Democratic administration contrasted with the Republican platform ought to satisfy any Progressive that his opportunity lies with the Democratic party."

"There couldn't be any direct invitation to the Progressives in the Democratic platform. We can only hope to get Progressive support by drawing a platform so that it will meet their approval. I think that a great many Progressives feel deeply disappointed with the meaningless Republican platform and outraged at the betrayal of their own party. They will realize that the Democratic platform and candidates will more nearly represent their own ideals and they will vote for President Wilson."

The administration plans to assume the aggressive role, if possible, during the coming campaign, hoping to keep the opposition in the more disadvantageous position of defense.

SUCCESSOR FOR MR. PERRIN CHOSEN AT LINCOLN

At a recent meeting of the board of education of Lincoln, William Hawkes of Litchfield was elected superintendent of schools to succeed H. Ambrose Perrin, who is the newly elected superintendent of Jacksonville schools. Mr. Hawkes is a graduate of the state normal school and has a degree from the University of Illinois. He is also one of the corps of summer teachers at the state normal. For four years he has been superintendent of schools at Litchfield and was formerly at Petersburg and Minonk.

CHAMBER OF COMMERCE AFFAIRS DISCUSSED AT DINNER

Semi-Social Event Took Place at Regular Business Session—Special Campaign is Considered.

The directors of the Chamber of Commerce met for a 6 o'clock dinner Tuesday evening at the Douglas hotel. Secretary Rodgers had arranged for this meeting as a variation from the usual monthly business session and the plan proved quite successful. An informal discussion about the proposed Fourth of July celebration was held. This discussion resulted mainly from the fact that at a meeting some days ago the merchants present declared in favor of a celebration, wholly in Nichols park, and at another meeting Tuesday other merchants were in favor of a celebration in Central park until 4 o'clock in the afternoon, with the fireworks at Nichols park in the evening. No special action was taken, but it was plain that many of those present regretted that there had not been unanimity of action among merchants with reference to the celebration.

When reports of department meetings were called for Mayor Rodgers, as chairman of the public affairs department, referred to the defeat of the bond issue and said that he believed the action was against the best interests of Jacksonville. He said that there seemed to be something here in the public mind continually antagonistic to public interests. He referred to street paving and said the work had been hindered by "professional objectors." He went on to say that the city council had various public improvement in view and if the people of the city will only lend their co-operative aid, these improvements can be made. He referred to the fact that at a former meeting of the Chamber of Commerce directors the motion was passed that the directors support the bond issue and the speaker said he thought that very few of the directors gave any active aid. He did not refer to this in a spirit of criticism, but only as an example of the lack of working interest for public betterments.

President Reeve, referring to paving proposed for South Main street and East State street, mentioned that the Jacksonville Railway company is the sole objector to these improvements. There were no reports from other departments except that a fine enthusiasm prevails among the young men and that they have several plans in prospect that they believe will be beneficial for Jacksonville.

Presents Plan for Campaign.

E. A. Quarel of Indianapolis was present in advocacy of the McKeand Service Co. for the building and rebuilding of commercial organizations. Mr. Quarel told of the effective work done by his company in securing more members and more money for commercial clubs. He referred to the fact that universities now are training men for leadership in community work and organization. He said that the country is filled with the corpses of business organizations that have failed for lack of proper plan and leadership. The purpose of his service company is to build scientifically and systematically the business efforts in any community. He said that the business men must go into business together in the community efforts and if the proper plans were followed out here in Jacksonville, that the Chamber of Commerce could easily have 350 to 400 members with an annual income of \$8,000. If the Chamber of Commerce here were to make a contract with this service company, two men would be sent to make a survey about two weeks before the membership and money campaign was inaugurated. Their idea would be to use publicity work in extending the movement and then devote about four days to securing members and funds. The effort would be to secure members for three-year periods and the service company would want 25 per cent of the first year's income. The whole plan outlined was a sort of revival of community interest and President Reeve appointed Carl Weber, F. J. Heim and W. J. Brady as a committee to investigate the feasibility of entering into the proposed contract. Frank Byrnes was appointed chairman of the finance committee.

Secretary's Monthly Report.

In his monthly report Secretary Rodgers mentioned six new members secured and said that analysis of the membership shows some very interesting facts. The following businesses show representation of 100 per cent: drugs, dry goods, 5 and 10 cent stores, furniture, hotels, newspapers, printers, railroads, telephone companies and theatres. Some other percentages are these: clothiers, 63 1-2; dentists, 23; Physicians, 17 1-2; lawyers, 20; grocers, 9 1-2; contractors, 11. Mention was made of the parcel checking system which is maintained at the Chamber of Commerce rooms and is proving of benefit to visiting patrons.

Mention was made of the fund raised to send Jacksonville high school track team to the Stag meet in Chicago, as it was deemed that this trip would afford a worth while advertisement for Jacksonville. Twenty-two railroad fares were refunded to shoppers during the past month. The secretary reported also that he is completing an arrangement for the entertainment of the state rural letter carriers' association, who will hold their meeting here Friday and Saturday, June 7 and 8. The meeting concluded with an informal discussion of various organization affairs.

REV. ALLAN TANNER'S WORK.

Among the Jacksonville men who have risen in their chosen professions, Rev. Allan Tanner of Denver stands in the front rank. For some time he has been pastor of one of the largest churches in the capital of Colorado and has spurred his people to actual church work each day of the week.

Some years ago an eccentric character named "Parson" Uzzell, somewhat on the order of Jerry McAuley of New York, conducted a large mission in Denver, seeking especially to win the poor and lowly. He died several years ago and his large church, erected in the poor district, fell into disuse and the work was well nigh given up. Mr. Tanner and his people took it up and now the young man preaches in the morning in his large and fashionable church in the uptown district and in the evening in the large mission church and they are getting hold of the people they want to reach in a gratifying manner.

ORLEANS COUNTRY CLUB HELD ANNUAL PICNIC

Spent Day at Home of Mrs. Will Scott—Sinclair Club Members Special Guests.

The annual picnic of the Orleans Woman's Country Club was held at the home of Mrs. Will Scott, four miles east of Jacksonville Tuesday. Members of the Sinclair Woman's club were guests and there were a few others as well, so that the entire company numbered more than sixty. The Scott home was prettily decorated for the occasion and under the direction of the domestic committee of the club, including Mrs. George Holley, Mrs. William Cleary and Mrs. Earnest Walters, an excellent luncheon was served in cafeteria style. The committee was assisted by Mrs. Clyde Cox, Mrs. James Dobyns, Mrs. Clark Stevenson and Miss Violet Davis. Mrs. Albert Curry furnished an excellent program of piano music and the whole company joined in singing "Illinois". The general program of the day was in charge of Mrs. A. A. Curry, Mrs. J. W. Arnold and Mrs. W. H. Hinrichsen. Games and various contests occupied the afternoon and the whole event was successful in every way. Among guests present were Mrs. Thomas Wilson, Mrs. Warren Wilcox and Mrs. McMillon of New Berlin.

SIGMA PI BANQUET TOOK PLACE AT COLONIAL INN

Old Members Gathered with Those o Present Day to Sing Society's Praise.

Members of Sigma Pi society held their annual reunion at the Colonial Inn Tuesday night. Hon. George H. Wilson of Quincy was toastmaster and the whole occasion was one which added greatly to the interest of the annals of the old society. Practically all of those present responded to toasts and a delightful informality marked the whole proceeding. An excellent dinner was served before the speaking program began.

After several of the speakers had shown by their remarks the growth of the new spirit between the societies as well as among all the members of the college, a motion, made by Mr. Dunbaugh and seconded by many, was passed whereby the Sigma Pi society in love feast assembled sent resolutions of best wishes to their old time rival, Phi Alpha, and to the two women's societies, Gamma Delta and Sigma Phi Epsilon, which were meeting in their respective banquet halls.

Among those present were A. B. Fairbank, Huron, N. D.; Harry J. Dunbaugh, Chicago; Patrick Gilbert, Pana; George Conover, Buffalo; Owen Bradford, Waverly; Messrs. Enley Moore, George Dewees, E. P. Brockhouse, T. P. Carter, Paul Samuel, Paul Morrison, Henry Stotlar, William T.
